Letter from the Executive Director

As we head into the busy holiday season and temperatures are still unpredictable, I struggle with embracing the last few days left in 2019. For me personally, 2019 was a year of personal loss, professional accomplishments, and a strengthening of both personal and professional bonds. Fortunately or unfortunately, depending on how you choose to look at it, I had the opportunity to witness firsthand the care and treatment Baptist Health Floyd employees provide our patients. I had a family member who was in and out of our hospital several times over the course of a few months. I can honestly say I have never been so proud to be a part of an organization, to be a member of the Baptist Health Floyd family, as I was during those few months. The compassion, genuine medical care and attention, and sincere generosity provided was gratifying to me and my family. We experienced kindness from every department we encountered – Emergency, PCU, Respiratory, MIPS, Food & Nutrition and Environmental Services. I sincerely appreciate these individuals who serve Baptist Health Floyd and the patients and family members who enter our doors.

Professionally, the Foundation embraced new partners, donors and relationships throughout the Southern Indiana community and across the river in Louisville. We welcomed new energy for the annual Golf Classic, an increase in participation for the Stop Addiction events, and received generous grant awards, most specifically, from Kosair Charities, to assist with establishing a Neonatal Abstinence Syndrome Unit at Baptist Health Floyd to treat babies born dependent on drugs.

By growing our presence, resources, and ties throughout the region, together we can realize a healthy, nurturing and stronger community. Thank you for your kind and thoughtful support of our mission and the work we do.

Best wishes for a healthy and peaceful 2020!

Meredith A. Lambe
Executive Director

scheduled basis. Clients are notified of White Flag hours of operation on social media. Once the White Flag services are stabilized, Coalition members hope to expand services and offer other levels of care.

The Coalition is also the local agency that oversees the Point in Time (PIT) count. This is a national initiative when every city assesses the number of individuals experiencing homelessness, sheltered and unsheltered, through a coordinated count on a scheduled day in January. State and federal grant funding decisions impact local agencies that serve the homeless based on the Point in Time calculations for that community. Members and volunteers visit and conduct surveys at soup kitchens, shelters and encampments to ensure an accurate count.

Amy Burnette, local attorney with Frost Brown Todd and chairman of the Coalition’s Board of Directors, explained the Coalition “is committed to leading efforts in the community to develop a holistic approach to better serving the homeless community.”

As the Coalition plans for the future, Cory Bledsoe, also a board member and executive director with RE:Center Ministries, emphasizes the need to increase sustainable funding for the region to support existing organizations, as well as create opportunities for new initiatives. In addition, the Coalition will focus on growing memberships, bringing awareness to the needs of the entire region, and implementing strategic organizational goals overall. He explained that someday he sees the Coalition being instrumental in collaborative efforts to bring affordable housing models such as rapid rehousing, permanent supportive housing and other creative housing solutions to fruition throughout the eight-county region.

If you are interested in learning more about the Homeless Coalition of Southern Indiana or would like to volunteer, visit www.soinhomeless.org.

Foundation Supports Cancer Center Massage Therapy

The Cancer Center at Baptist Health Floyd not only provides innovative treatment for its patients but recognizes a cancer diagnosis and the treatment that is necessary takes its toll on patients and their caregivers.

Years ago, the Cancer Center decided to offer complimentary massage therapy for patients at the Center and also terminally ill patients at Baptist Health Floyd with the help of donations from area organizations.

Managing cancer, or any long-term illness, can be extremely stressful for both the diagnosed or terminally ill individual and their caregiver. Diagnoses typically includes numerous doctors’ visits, treatments and hospital visits while managing routine daily activities as well. Studies have shown the impact massage therapy has on the body, most especially for someone enduring chemotherapy and radiation. Massage therapy provides an outlet to relieve stress, anxiety, depression, fear and muscle pain and tension caused by chemotherapy and radiation.

After experiencing chemotherapy, radiation or surgery, patients often lose mobility in their arms, experience stiff muscles, are in pain, fatigued, endure headaches and other aches and pains, and have a loss of energy. According to NorthShore University Healthcare System, “[m]assage therapy can counteract many of the negative effects of cancer treatment for patients.” Through massage therapy, patients have a window of opportunity to relax, unwind and generate endorphins that help to reduce stress, tension, pain levels and swelling, and loosen aching, tense muscles. Their daily stress revolving around cancer is minimized for a moment in their stressful day.

In addition to the positive physical and emotional effects of massage therapy, by offering this service free-of-charge to cancer and terminally ill patients, and their caregivers who share some of the burden of stress, anxiety and fear, there is no financial burden to the patient. Thanks to grant funding received from Floyd Memorial Foundation, Horseshoe Foundation of Floyd County, local companies and donors, this program continues to provide a healing touch to many individuals in Southern Indiana.

The Foundation is proud to partner with the Cancer Center at Baptist Health Floyd to help impact the care and treatment of patient services. For more information about the massage therapy program, contact the Cancer Center at 812.945.4000.
Kicking off the New Year, the Foundation hosted the Fourth Annual White Coat Dinner at The Grand in downtown New Albany on January 27, 2018. Krishna Konijeti, MD, Chief Medical Officer at Baptist Health Floyd, served as the co-chair for the annual celebratory evening. Local celebrity and former TV host Barry Bernson returned as the Master of Ceremonies who kept guests on the edge of our seats with his comedic entertainment. Jamey Aebersold Jazz Quartet amused guests with his world renown and revered jazz music.

Among the evening’s festivities, three Baptist Health Floyd employees were recognized by their peers receiving the most number of nominations in their respective categories, Physician of the Year, Nurse of the Year, and Allied Health Professional of the Year. In fall 2017, employees at Baptist Health Floyd were polled and asked to nominate a physician, a nurse, and allied health professional, who standout for their unwavering care for the patient and their compassion and dedication to their chosen profession. We congratulate Tonya Albers, RN, Nurse of the Year, Shannon Nale, NP, Allied Health Professional of the Year, and Ammar Tayara, MD, Physician of the Year. We thank these individuals for the care and support they provide Baptist Health Floyd patients and the respect they give fellow employees. Deanna Turner was named the Ivy Tech Community College Student of the Year and Reese Miller was named the Indiana University Southeast Student of the Year. Both students were selected by their school’s respective faculty for their dedication and passion for their chosen profession in the medical field.

New to the awards lineup was the Best Fake Physician of the Year, Barry Bernson, who portrayed a neurosurgeon Dr. Larry Banks in the film “The Killing of a Sacred Deer” featuring Nicole Kidman and Colin Farrell, was the first recipient of this award. We congratulate Barry for upholding the medical profession with integrity in the film industry and thank him for his continued support for this event!

Following the awards presentation, Floyd Memorial Foundation welcomed a preeminent, world class, improv comedy troupe from Chicago. Fresh, fast and always spectacularly funny, The Second City Improv All Stars, out of Chicago’s legendary comedy theater The Second City that has helped launch the careers of comedic legends such as Tina Fey, Stephen Colbert, Steve Carell, Gilda Radner, Bill Murray and many more, did not disappoint. The Second City traveling troupe was comprised of eight talented comedians who provided improvised comedy without the use of scripts or sets. They were fun and funny – a great addition to the night. Additionally, guests also enjoyed world-renown jazz thanks to the Jamey Aebersold Jazz Quartet. They entertained guests prior to the dinner and as the evening concluded.

The following employees received the most number of nominations in their respective categories from their peers at Baptist Health Floyd and were recognized at 2018 White Coat Dinner:

**Nurse of the Year – Tonya Albers**

**Allied Health Professional of the Year – Shannon Nale, NP**

**Physician of the Year - Ammar Tayara, MD**

Thank you to the following Lab Coat Sponsors:

Gary Longest Construction
Hilliard Lyons Trust Co.
Dr. Monty Hocker & Dr. Phillip Johnson
Priority Radiology/Radiology Associates
Waters, Tyler, Hofmann & Scott, LLC

Thank you to those who were able to join us for a fun night of entertainment and celebration, and to our sponsors for supporting this annual event! Proceeds from the annual White Coat Dinner support the mission of the Floyd Memorial Foundation, providing philanthropic support to Baptist Health Floyd and Southern Indiana healthcare initiatives that enhance the quality of care provided to our community.
On Thanksgiving Day 2018, local runners and walkers came out in force on a beautiful, crisp and sunny day for the 30th Annual Fast Freddie’s Five Mile Foot Feast at the Floyd County 4-H Fairgrounds in New Albany organized by local running enthusiast, Fred Geswein. Since 1989, Geswein (a.k.a., “Fast Freddie”) has hosted this annual running event that raises money for the Joslin Diabetes Center at Baptist Health Floyd. His children were diagnosed with type 1 diabetes at a young age and he took it upon himself to start this annual event to raise money for diabetes. Thanks to his infectious enthusiasm and desire to impact those battling type 1 diabetes, he has consistently raised thousands of dollars year after year to support diabetes education initiatives at Joslin Diabetes Center in New Albany.

From 1989 – 2000, the race started and finished in Peden Park at Shelter House #5. When the Floyd County 4H Fairgrounds added parking and an indoor facility, Fast Freddie moved the 5-mile race to accommodate the increase in participants. Since 2000, the 4H Fairgrounds has been the home base for the Five Mile Foot Feast.

Some notable highlights, and some lowlights, from 30 years of racing include:

- Number of runners/walkers in 1989 – 124; also the least number of runners/walkers in 30 years
- Number of runners/walkers in 2018 – 882
- Year that had the highest number of runners/walkers – 1,087 in 2015
- Youngest male winner – Joey Byrne, 17 in 1997 (26.13 time)
- Youngest female winner – Sara Kraft (now Simpson), 15 in 1997 (32.55 time)
- Oldest male winner – Rich McCurdy, 33 in 2004 (26.20 time)
- Oldest male runner – Paul Todd, 81 in 2017
- Oldest female winner – Della Raymer (now Irby), 35 in 1996 (33.23 time)
- Oldest female runner – Eve Null, 77 in 2001
- Fastest male winning time – Rob Mullet (15) 23.31
- Fastest female winning time – Sarah Pease (17) 27.12
- Sarah Pease has won eight Fast Freddie titles: 2010 – 2018, excluding 2013
- Worst weather (a tie) – 21 degrees in 2013; 58 degrees with steady downpour in 1990
- 18 years of Sunshine
- Eight people have run and/or worked 28 out of 30 Five Mile Foot Feasts: Tom Chapala, David Fleming, Craig Flora, Audley Gordon, Nick Knable, Steve Quinkert, Donna Robinson, and Scott Goodwin. Bob Mahan and Mike Malloy participated in the first 25 races.

In 2018, Jacob Law, 28, won the men’s division, finishing in 24:59 minutes. Recurring winner Sarah Pease, 31, won the women’s division, finishing in 28:02 minutes. In addition to competing in the run, participants had a chance to win door prizes including gift certificates and items from Pacers and Racers. Fred thanked all the volunteers and businesses who have supported him and the event throughout the years, especially those who have been with him since the beginning of the Five Mile Foot Feast.

Joslin Diabetes Center patients and staff members are so grateful to Fast Freddie, local businesses and individuals who have participated in and supported the Five Mile Foot Feast in its 30-year history! The long-running (no pun intended) Five Mile Foot Feast is a testament to Fast Freddie’s enthusiasm, energy and generosity. It displays what an individual can accomplish and the impact they can have with determination, passion and dedication.

Runners of all ages are welcome to participate in the annual benefit race held on Thanksgiving Day at the 4H Fairgrounds on Green Valley Road, New Albany. If you are interested in participating in the next Five Mile Foot Feast, log onto www.fredrun.com for more information.
A fundraiser for the construction of a new chapel so hospital visitors, patients and employees may have access to a chapel in a feasible location, in close proximity to the main entrance of the hospital and available to them seven days a week, 24 hours a day when there is need for prayer and reflection. The current chapel is not easily accessible, outdated, and offers limited space. With three chaplains now on staff at Baptist Health Floyd, a visibly dedicated space is warranted for meetings with family members or employees, conducting holiday and bereavement services, and providing a principal location with sufficient accommodations to support the department and individuals needing spiritual support.

Once funding is secured, a 900 square foot chapel will be built off the main lobby of the hospital, in close proximity to the Emergency Department. It will be constructed in the area located outside the hospital where there currently is walkway space, to the left of the main entrance underneath the overhang. The doors leading into the chapel will be located under the stairway in the main lobby. LBM Construction Company will oversee the construction.

**Joe Glover**, Indiana University Southeast athletic director and a member of the Foundation Board of Directors, is chairing the campaign. After two recent, unrelated experiences at the hospital, Joe realized the hospital needed a chapel that was easy to locate, could hold 30-40 people and provide individuals who have experienced a loss at the hospital a quiet place to pray or meet with a chaplain. “I hadn’t given much thought to the need for a chapel located in the main area of the hospital until I had an experience where a large number of us were praying in the Emergency Department waiting room for someone who was being treated for cardiac arrest. We were standing in a large circle, holding hands, praying amongst other hospital visitors. We can pray anywhere, but if there had been a private chapel close by for our group to pray, reflect and hold on to hope, and privately meet with a chaplain, that would have been ideal.” Days after that experience, Glover was at the hospital again visiting that same patient. Someone approached him asking where the chapel was. She had recently lost two family members and needed a private place to pray and grieve. “I tried to help her find the chapel but didn’t have any luck, so I stayed with her while she prayed,” explained Glover. “If there had been a chapel off of the main lobby, similar to what we propose to build, that would have been so helpful in both situations. There are probably dozens of similar circumstances that happen weekly at the hospital where visitors, family members and employees could really use a welcoming chapel to find solace. The Foundation hopes to provide that space with the community’s support.”

The Foundation hopes to raise $600,000 over a 12-month period to ensure there will soon be a chapel at Baptist Health Floyd that visitors and employees can use when life circumstances are difficult, overwhelming and challenging and the need for prayer and fellowship arises. To help us achieve that goal, there are many giving options available to donors. Giving options include the following:

**Individual/Family/Business giving levels include:**
- $2,500,000 – Naming Rights
- $1,000,000 – Altar Sponsor
- $500,000 – Reception Area Sponsor
- $350,000 – Stone Wall Sponsor
- $250,000 – Stained Glass Entry Door Sponsor
- $100,000 – Ceremony Sponsor
- $50,000 – Bible and Hymnal Sponsor
- $2,500 – Stained Glass Transom

Other sponsor levels include: $1,000, $500 or any general donation.

In addition, donors have the opportunity to purchase a transom, a specially-made stained glass window that will be placed at the top of windows of the chapel. Transoms are $2,500 and donors will have the opportunity to purchase a transom in memory or in honor of a loved one. A plaque will be placed under the transom acknowledging the loved one. Churches also have the opportunity to be a part of the Chapel Campaign by donating to the Pillar of Faith. Churches can make a donation based on the congregation size, and the church name will be highlighted on the Pillar of Faith column located in the reception area of the chapel. Chapel visitors will have the opportunity to view Pillar of Faith supporters and appreciate support provided by their home church. Pillar of Faith giving levels are listed below:

- 1 – 100 congregation members * $250
- 101 – 500 congregation members * $500
- 501 – 1,000 congregation members * $1,000
- 1,001+ congregation members * $2,500

For more information about the chapel or to donate to the Chapel Capital Campaign, contact the Floyd Memorial Foundation or visit www.FloydFoundation.org.
Forever Loved Ceremony Offers Peace and Remembrance

Floyd Memorial Foundation, chaplain staff, and staff members from Labor & Delivery at Baptist Health Floyd hosted the Third Annual Forever Loved Ceremony on Saturday, October 13, 2018 at Mount Saint Francis in Floyd’s Knobs. This event was open to the community, family members, friends and healthcare professionals who experienced a loss of a child, regardless of hospital affiliation or duration that the loss was experienced. A service was conducted at sundown overlooking the lake. As names of children were read, parents placed a lighted floating lantern in the lake with their child’s name inscribed on the lantern. Following the service, the floating lanterns lit up the lake as the sun was setting.

First declared by President Ronald Reagan in 1998, the month of October is recognized as National Pregnancy and Infant Loss Awareness Month. People throughout the world honor and remember babies who were lost too soon due to ectopic pregnancy, miscarriage, stillbirth or infant death. Specifically, October 15 is recognized as Worldwide Pregnancy and Infant Loss Remembrance Day. When recognized worldwide, ceremonies involve a Wave of Light in remembrance of those little children lost too early. Baptist Health Floyd Forever Loved Ceremony offered personalized candles to participating families. As their child’s name was read during the ceremony, the candle was lit in their memory.

A special thanks to the following who made this event possible: Aebersold Florist, Cynthia Lovan RN, Emily Banet RN, Stacey Rudy, Chaplain James Gunn, Julianne Gunn, Chaplain Rob Schettler, Betsy Young RN, Lisa Tong RN, Kelsey Marshall RN, Amanda Collins RN, Kayla Harper, Adam Harper, Grace Marksbury RN, Sam Yong, Jody Hammond, US Foods, Baptist Health Floyd, Floyd Memorial Foundation and Mount Saint Francis.

Baptist Health Floyd is committed to comforting families who have suffered the loss of a child. If you are interested in purchasing a rose bush in memory of your loved one for the Memorial Garden on the Baptist Health Floyd campus, please contact the Foundation office for more information at 812.949.5519. For more information regarding the Forever Loved annual event, you may also contact the Foundation office or call 1.800.4.SOURCE (800.476.8723) and leave a message.

Foundation Hosts Annual Stop Addiction Forum & Walk

On May 18, 2018, the Foundation hosted the Second Annual Stop Addiction Public Forum and Walk. The Public Forum featured Laura Fanucchi, MD, associate professor with University of Kentucky College of Medicine. Dr. Fanucchi, an addiction medicine specialist, presented Opioid Use Disorder: Diagnosis and Evidence-based Treatments at the Falls of the Ohio, Jeffersonville. Attendees were educated on a wide range of addiction topics. In addition, Clark County Health Department donated free narcan for attendees. Dr. Fanucchi demonstrated how to administer narcan when an individual is overdosing.

Following the Public Forum, the Foundation hosted the Second Annual Stop Addiction Walk at the New Albany Riverfront Amphitheater. Close to 200 walkers came out to support the Walk. Many participants walked for loved ones who had passed due to addiction or in support of a loved one battling addiction. Local agencies were on hand to distribute literature about addiction treatment and therapy services.

In addition to the annual Public Forum and Walk, the Foundation established the website, www.soinaddictionresource.org, thanks to a generous grant from the Rotary Club of New Albany. This website provides a comprehensive listing of agencies, coalitions, therapy groups and websites that provide a service to the individual seeking treatment or family member needing therapy support. After reviewing the site, the individual can determine what is the best solution to get the help they need.

Special thanks to the following sponsors of the Walk and the Forum for championing this movement towards an addiction-free community.

Gold Sponsors
- Rotary Club of New Albany
- Floyd Memorial Foundation
- Baptist Health Floyd

Silver Sponsor
- Optum Rx

Bronze Sponsors
- Duke Energy

**THANK YOU!**

Floyd Memorial Foundation
Every year, the Floyd Memorial Foundation hosts two holiday events for Baptist Health Floyd employees and their families. These events are free-of-charge and provide employees the opportunity to bring their children and/or grandchildren to their place of employment for a fun experience during the holidays.

In October, the Foundation hosts Trunk or Treat in the Paris Health Education Center. Departments provide a “trunk” or a booth, give away candy, tricks, and have games for the kids to enjoy. It’s always fun to see who comes dressed up – both the employees volunteering their time and the children as they “trunk or treat.”

In December, the Foundation partners with Food and Nutrition for Breakfast with Santa. This event is held in the cafeteria’s atrium, provides a free pancake breakfast to employees and their families, and Santa and Mrs. Claus greet the children by the fireplace and listen to what the children want for Christmas. Santa and Mrs. Claus give each child a candy cane and a coloring book with crayons, and each family receives a framed photo of their child, children or grandchildren sitting with Santa. Following the breakfast, Santa and Mrs. Claus make the rounds at the hospital, wishing everyone a “Merry Christmas!” The Foundation thanks local realtor John Tonini and his wife for making this event possible!
Baptist Health Floyd Grant Support

- Emergency Department - Purchase an IV fusion pump for CT area
- Women's Imaging - New bone mineral density assessment system
- Environmental Services - Purchase portable ultraviolet disinfecting system
- Radiology – Speech Therapy - Purchase a TIMS DICOM system to increase accuracy of swallow studies
- PACU – Surgical Services - Purchase four CO2 monitors
- Cancer Center - Support for the complimentary massage therapy program for cancer and terminally ill patients
- Corydon Imaging - Purchase a dual head injector for the new CT scanner
- Wound-Ostomy - Purchase Wound Treatment Associate (WTA) Program two-year licensing
- Home Health - Purchase ten scales to provide patients suffering from congestive heart failure
- Rehab Services – Pink Ribbon Pilates - Support for complimentary Pilates classes for cancer survivors or those undergoing treatment
- Employee Continuing Medical/Nursing Education Scholarships
- Neurology Inpatient - Purchase a Vici Cart for telemedicine
- Healthier Community Initiative (HCI) - Supports two staff to oversee three health coalitions, programming, equipment needs, free health screenings and educational materials and training

Community Health-Related Grant Support

- Brandon's House - Fund 100 hours of free counseling services
- Clark County Youth Shelter & Family Services - Cover medical screenings for youth, employees and volunteers
- Redeem the Dream - Support program costs to serve underprivileged youth
- Blessings in a Backpack - Funds used to purchase supplies/food for 1,100 students in Floyd County who qualify for free or reduced lunch and breakfast
- Family Health Centers of Southern Indiana - Provide financial assistance for building and maintenance expenses and specialized prenatal care.
- The Breakaway - Support for instruction licensure, resident drug tests and Twelve Steps literature
- Family and Children's Place - Support three family advocates at So. In. Child Advocacy Center
- Prevent Child Abuse, Clark & Floyd - Host Parent Café at Title 1 NAFC elementary schools
- Camp Quality Kentuckiana - Support two campers from Floyd County
- Christian Formation Ministries - Support MYClub, a mentoring/support program for children of inmates and addicts

Total Amount Awarded: $447,913.73
NAFCS Art Contest Promotes “Living the Good Life”

Over fifty students from area Floyd County elementary schools participated in the annual New Albany Floyd County Schools art contest sponsored by the Floyd Memorial Foundation. Students in kindergarten through fourth grade created a picture to support the theme “Living the Good Life” and what that phrase meant to them. Each class grade then selected one picture to represent that grade for the contest. Each picture was full of creativity, unique and highlighted many ideas that could be associated with “Living the Good Life,” including eating healthy to exercising to spending time with family and friends.

There were a total of 54 art creations displayed in the Foundation hallway for passersby to enjoy for six weeks, November 14 through December 31. Visitors, patients and Baptist Health Floyd employees had the opportunity to vote for their favorite work of art. Second-grader Addison Bennett from Grant Line Elementary School received the most votes for her art piece, “Your Hands Have Helped, So Can Mine,” and second grader Hudson Ginkins from Mount Tabor Elementary School was the runner-up. Congratulations to all the artistic and creative students whose art work was chosen to represent their grade!

32nd Annual Super Floyd Golf Classic

On June 8, the Foundation was excited to host the 32nd Annual Golf Classic at Covered Bridge Golf Club in Sellersburg. Golfers enjoyed a great day on the beautiful course at Covered Bridge. The night before on June 7, sponsors, golfers, their guests and Baptist Health Floyd employees enjoyed an exciting silent auction, yummy food supporting the theme of the night, and music by Stephen Day with Lefty and the Lunatics.

For 32 years, both of these events have raised funds for essential medical resources to support the better health and well-being of patients at Baptist Health Floyd. We thank the Masters Sponsors - Priority Radiology and Radiology Associates for continuing to support this event at the top level! And thank you to our Eagle Sponsors - American Senior Communities, Baptist Health Floyd Administration, Details Commercial Group, Hilliard Lyons Trust Co., Laughlin Millea Hillman Architecture and WesBanco for their generous support. We sincerely appreciate these partnerships and all those who supported and participated in this annual event! Last but certainly not least, many thanks to the Golf Classic Committee for their time, energy, enthusiasm and ideas!

We hope to see you on June 5, 2020 for the 34th Annual Golf Classic! For more information on the annual Golf Classic, contact the Foundation office or visit www.FloydFoundation.org.

Scholarships Enable Baptist Health Floyd Employees to Further Education

Baptist Health Floyd employees continuing their medical, nursing or allied health education have the opportunity to apply for a financial scholarship thanks to donations received from the Baptist Health Floyd Auxiliary, the Baptist Health Floyd Medical Staff, and the Floyd Memorial Foundation. Not only are scholarship opportunities available for employees but dependents of employees are eligible to apply for and receive a stipend for their education. Dependents must be in good academic standing and enrolled in an accredited college or university pursuing a medical or health-related degree. For the 2018-2019 school year, 13 employee scholarships were approved and 28 dependent scholarships were awarded. Congratulations to the recipients! On behalf of the Floyd Memorial Foundation, the former Baptist Health Floyd Auxiliary and Baptist Health Floyd Medical Staff, best of luck with your career endeavors!
Memorials and Honorariums

The Floyd Memorial Foundation offers an opportunity for individuals to recognize family and friends who have passed away, and those community members who have had a substantial impact on the lives of others. Individuals have the opportunity to make a donation to the Foundation in memory of someone to honor a special person in their life, either by recognizing a birthday, an anniversary, a significant milestone or “just because.” These giving opportunities not only recognize and highlight those who have been meaningful in one’s life but also ensure a lasting memory for special family members and friends. Memorial and Honorary donations help further the mission of the Floyd Memorial Foundation.

Many of Baptist Health Floyd's pediatric needs have been met with thanks, in large part, to the generosity of two outstanding and generous community partners.

We thank the WHAS Crusade for Children for their continued support of our pediatric patient population. Because of their continued generosity towards the Southern Indiana community in 2018, the hospital was able to purchase equipment for surgery, including a flexible intubation video endoscope, a tympanometer and audiometer for our pediatricians, speech therapy accommodations including test kits and toys, and equipment for the Labor and Delivery department. The medical staff at Baptist Health Floyd sincerely appreciates the support received for these essential items and the WHAS Crusade for Children partnership.

Thank you, also, to the Horseshoe Foundation of Floyd County for their thoughtful support of the future Neonatal Abstinence Syndrome unit at Baptist Health Floyd. With their generous grant, vital equipment was purchased needed to console, observe and regulate newborn babies born with Neonatal Abstinence Syndrome, a condition where babies exhibit signs of dependence due to their mother’s abuse of opioids and other chemical substances throughout her pregnancy. In the past few years, the hospital has experienced an insurgence of babies born dependent on drugs and therefore must go through a 10-17 day withdrawal process. It's not only excruciating for these wee patients but impacts their mental and physiological development. The sooner they can receive treatment and start to go through withdrawal, safely and effectively, the sooner they can begin to heal and be on their way to a healthy life. The medical staff at Baptist Health Floyd is dedicated to treating these patients effectively and safely by increasing Labor & Delivery services to include a dedicated unit to support baby and the addicted mother. Thank you to members of the Horseshoe Foundation of Floyd County for generously supporting this vulnerable patient population.
Healthier Community Initiative Continues to Provide Essential Support for Healthy Lifestyles

A significant component of Floyd Memorial Foundation was the establishment and implementation of the Healthier Community Initiative in 1995. This program has provided thousands of people with much-needed health screenings and information to aid them in becoming healthier, more active, eat better and be aware and participate in their own healthcare.

With the continually evolving healthcare environment, new challenges presenting themselves annually, an integral component of Baptist Health Floyd's strategic direction is supported thanks to the great work of the Healthier Community Initiative, led by Baptist Health Floyd employees Rebecca Didelot, RN, and Carla Christie, RN. These two very active and engaging healthcare professionals oversee three coalitions to help support significant health risk factors within the community, that include the Tobacco Cessation and Prevention Coalition, the Physical Activity Coalition and the Nutrition Coalition. They also spearhead free health screenings throughout the community, Take Two health sessions at the hospital, attend health fairs, manage community health education events, and much more.

Healthier Community Initiative coordinates a local poster contest annually with the 7th and 8th grade students from New Albany Floyd County schools to raise awareness about the dangers of tobacco and other drugs. The 2018 Red Ribbon theme was “Life Is Your Journey. Travel Drug Free.” The poster contest winners were recognized with their teachers by Mayor Jeff Gahan at an awards ceremony held at the Cancer Center at Baptist Health Floyd.

The Foundation is committed to providing annual monetary support for HCI. It is the anchor to the organization’s mission, offering essential medical education, resources and actual, practical examples so individuals may have the proper resources in place to live a healthier lifestyle. Thank you to the Friends of the Foundation for your support and faith in this vital program.

Floyd Memorial Foundation Privacy Policy

Community members founded Floyd Memorial Foundation in 1978 to provide financial support for Baptist Health Floyd, formerly Floyd Memorial Hospital. For more than 40 years, the vision of the Foundation is to ensure vital medical resources are in place for the better health and well-being of residents living in the six counties we serve in Southern Indiana, including Floyd, Clark, Harrison, Crawford, Scott and Washington. The Foundation Board of Directors is comprised of hospital and community members. We thank the above board members for their commitment, service and dedication to the mission and vision of the Foundation.

Floyd Memorial Foundation | 1850 State Street, New Albany, IN 47150 | 812.949.5519 | FloydFoundation.org
